RULES AND REGULATIONS

A. APPLICATION

1. General

- a. The Rules and Regulations specified herein apply to the local exchange services and facilities furnished by the Telephone Company hereinafter referred to as the Company. If the customers fail to observe these Rules and Regulations, the Company has the option to discontinue service after due notice of such failure.
- b. In the event of a conflict between these General Rules and Regulations and any conditions contained in the Local Exchange Tariffs, the rates and conditions contained in the specific tariff section shall prevail.
- c. This Tariff cancels and supersedes all other Tariffs of the Company issued and effective prior to the effective dates shown on individual sheets of this tariff.

B. OBLIGATION AND LIABILITY OF TELEPHONE COMPANY

1. Availability of Facilities

- a. The Company's obligation to furnish local exchange service is dependent upon its ability to secure and retain, without unreasonable expense, suitable facilities and rights for such facilities, except as provided for in Part V, Line Extensions.

2. Allowance for Failure of Service

- a. The Company does not guarantee uninterrupted working of its lines or equipment. In case service is interrupted other than by the negligence or willful act of the customer, an adjustment will be made in the amount of the charges for that portion of the service rendered inoperable. Any adjustment shall apply only if the interruption continues beyond twenty-four (24) hours after first noted by the Company. Adjustment will be made in the form of a bill credit. No other liability shall in any case attach to the Company.

3. Adjustment of Charges

- a. In the event of an adjustment of charges for overbilling by the Company, a refund or credit will be made of the full amount of excess charges for a period not to exceed five years. When the period or amount for which overbilling cannot be fixed from available records, the maximum refund or credit will not exceed an estimated amount of such billing.

RULES AND REGULATIONS

B. OBLIGATION AND LIABILITY OF TELEPHONE COMPANY (Continued)

4. Directory Errors and Omissions
 - a. Claims for damages due to errors or omissions in directory listings will be limited to prorated charges for the customer service that is affected.
 - b. In the case of extra listings in the alphabetical section of the directory for which a charge is made, the Company's liability shall be limited to an amount not to exceed the established rate for such listing for the directory period in which the error or omission occurs.
5. Transmitting Messages
 - a. The Company does not transmit messages, but offers the use of its facilities, where available, for communications between parties, subject to the rules, regulations and conditions specified in this Tariff.
6. Use of Connecting Company Lines
 - a. Facilities of other companies may be used in establishing connections to points not reached by this Company's lines. In establishing connections with the facilities of other companies, the Company does not assume any liability for any action of the connecting company.
7. Defacement of Property
 - a. The Company shall exercise care in all work done on a customer's property. No liability shall attach to the Company by reason of any defacement or damage to the customers' property resulting from the existence of the Company's instruments, apparatus and associated wiring on such property, or by the installation or removal thereof, unless such defacement or damage is the result of the negligence of the Company, or its employees.
8. Customer Premise Equipment
 - a. The Company shall not be responsible for any loss or damage, nor for failure or impairment of service in connection with customer-provided facilities unless caused solely by the negligence of the Company. The Company's liability is limited to that provided in the General Rules and Regulations of this tariff.
 - b. The telecommunications network is not represented as being adapted to the use of all customer premise equipment and the Company shall not be responsible for: (a) the through transmission of signals generated by the customer premise equipment or for the quality of or defects in, such transmission; (b) the reception of signals by the customer premise equipment or communications equipment.

RULES AND REGULATIONS

B. OBLIGATION AND LIABILITY OF TELEPHONE COMPANY (Continued)

8. Customer Premise Equipment (Continued)

c. The customer indemnifies and saves the Company harmless against claims for libel, slander, or infringement of patents arising from combining such equipment with the facilities of the Company.

d. The Company shall not be responsible to the customer if changes in criteria in this tariff or changes in any of the facilities or operations or procedures of the Company render any customer premise equipment obsolete, or require modification or alteration of such equipment, or otherwise affect its use or performance. The Company reserves the right to change the standards of its equipment as the requirements of the telephone business may direct.

C. USE OF SERVICE AND FACILITIES

1. Use of Customer Service

a. Customer telephone service is furnished only for use by the customer, their family, employees or business associates, or persons residing in the customer's household.

2. Attachment or Connection of Customer Premise Equipment

a. Customer premise equipment may be used with the facilities furnished by the Company, for telecommunication service, provided that such equipment will be connected, maintained and operated in a manner compatible with Company's facilities and networks.

b. It is the customer's obligation to ensure compliance with any applicable state or federal laws governing the installation and use of customer premise equipment.

c. To protect the network and services furnished to the public by the Company, the customer premise equipment must comply with all applicable minimum network protection criteria.

d. If customer premise equipment is used which is causing or is likely to cause interference or hazard to the network, the Company will take such action as it deems necessary for the protection of the telecommunications network.

e. After notification by the Company of such interference or hazard, the customer shall discontinue such use and disconnect such equipment. Failure of the customer to conform to this requirement may result in suspension of service.

f. The customer will be responsible to pay a service check charge as specified in Part VI, Service Check Charges for visits to their premises when the service difficulty is caused by the customer premise equipment.

RULES AND REGULATIONS

D. ESTABLISHMENT AND FURNISHING OF SERVICE

1. Application for Service

a. Applications for service may be made orally or in writing. These applications become contracts upon the establishment of service. The Company may require an applicant to pay in advance an amount equal to one month's exchange rate. If a deposit is required by the Company, applicable non-recurring charges and service charges (if any) may be required in advance. The terms and conditions specified for such contracts are subject to these General Rules and Regulations and the local Exchange Tariff for the exchange from which service is to be furnished. Any change in rates, rules or regulations shall act as a modification of the contract to that extent, without further notice.

b. Minimum contract periods and termination of service are covered elsewhere in Part II of this tariff.

2. Telephone Numbers

a. The customer has no proprietary right in the telephone number or any right to continuance of service from any specific central office, and the Company may assign or change the telephone number, the central office designation, or both, as is necessary in the conduct of its business. Except for non-payment of yellow page advertising, when customers are assigned a new number within the exchange, the former working number intercept shall provide the new number to a calling party for not less than 60 days or until the issuance of a new directory.

3. Alterations

a. The customer agrees to notify the Company promptly whenever alterations or new construction on premises owned or leased by the customer necessitate changes in the Company's facilities. The customer agrees to pay the Company's charges for such changes.

4. Payment for Service

a. The customer is required to pay all rates and charges for local, exchange services and facilities.

5. Maintenance and Repairs

a. All expense of maintenance and repair of regulated services or facilities provided by the Company will be borne by the Company. The customer will be held responsible for restoration or replacement costs in case of loss of, damage to, or destruction of any of the Company's facilities not due to normal use. Customers may not rearrange, disconnect, or remove or permit others to rearrange, disconnect, or remove any Company owned facility installed by the Company unless provided elsewhere in this tariff.

RULES AND REGULATIONS

D. ESTABLISHMENT AND FURNISHING OF SERVICE (Continued)

6. Unusual Installation Costs

- a. Where special requirements of the customer involve unusual construction or installation, the customer may be required to pay additional costs as provided elsewhere in this tariff.

E. TELEPHONE DIRECTORIES

1. Distribution and Publication

- a. The Company will normally publish and distribute a directory annually containing the serving exchange listings for each Central Office Access Line without charge. Additional directories may be furnished at the discretion of the Company. Directories containing listings for other areas may be provided at a nominal charge. Directories are furnished to customers as an aid in the use of the telephone service. The Company reserves the right to charge for directories issued in replacement of directories.

2. Directory Listings

- a. Directory listings remain the property of the Company and are not to be reproduced without the permission of the Company.

F. ESTABLISHMENT AND MAINTENANCE OF CREDIT

1. Establishment of Credit

- a. The Company is not obligated to provide service to any individual or firm that owes for regulated services previously rendered by the Company at the same or a different address, until arrangements have been made to liquidate such previous indebtedness to the Company. Applicants for telephone service who are required to make a deposit may be required to pay in advance of installation, the service connection, installation and/or construction charges. In order to insure the payment of all charges due for its service, the Company may require any customer to establish and maintain his credit in one of the following ways:

- 1) By furnishing credit references acceptable to the Company.
- 2) By means of a cash deposit.

RULES AND REGULATIONS

F. ESTABLISHMENT AND MAINTENANCE OF CREDIT (Continued)

2. Amount of Deposits

- a. The amount of deposit required shall not be more than the maximum charge for two months local exchange service or as may reasonably be required by the Company in cases involving service for short periods or special occasions. The Company may require the customer to increase the amount of the deposit at any time, if the charges billed against the customer are found to warrant such an increase. Qualified low income applicants may apply for Lifeline Assistance.
- b. A deposit may be made at any Company business office or authorized agent.
- c. The Company will maintain records which show the name and address of each depositor, the amount and date of the deposit and each transaction concerning the deposit. Unclaimed deposits shall be disposed of in accordance with law.
- d. A receipt of deposit will be furnished to each customer from whom a deposit is received. Upon customer request, duplicate receipts will be provided to customers who have lost their receipt if the deposit is substantiated by the Company records.

3. Deposits and Collection Practices

- a. The fact that a deposit has been made in no way relieves the applicant or customer from complying with the Company's regulations as to advance payments and the prompt payment of bills; nor constitutes a waiver or modification of the regular practices of the Company providing for the discontinuance of service for non-payment of sums due the Company for services rendered. The Company may discontinue service to any customer failing to pay current bills regardless of the fact that such customer has made a deposit with the Company to secure payment of such bills, or has furnished the Company with a guarantee in writing for such bills.

4. Interest to be Paid on Deposits

- a. Interest compounded annually, shall be * % per annum. Interest shall be paid for the period beginning with the date of deposit to the date of refund or to the date that the deposit is applied to the customer's account or to the date the customer's bill becomes permanently delinquent.

5. Discontinuance of Service for Failure to Establish Credit

- a. Service may be discontinued for failure to establish or maintain credit, as set forth in F.1. above, twelve days after the Company has mailed notice requiring the customer to do so.

RULES AND REGULATIONS

F. ESTABLISHMENT AND MAINTENANCE OF CREDIT (Continued)

6. Service Charge for Reconnection
 - a. Where service has been discontinued for failure to establish or maintain credit, as set forth in F.1. above, the applicable service charges as defined in Part VI of this tariff shall apply.
7. Deposit Refunds
 - a. The deposit shall be refunded or credited to the customer after not more than 12 consecutive months of prompt payment or 11 timely payments and one automatic forgiveness of late payment, unless the Company has documented information which indicates the deposit is necessary to insure payment.
8. Criteria for Procurement of Deposits
 - a. False credit information
 - b. Unsatisfactory credit history

G. APPLICATION OF BUSINESS AND RESIDENCE RATES

1. Business rates apply at the following locations:
 - a. In offices, stores, factories, mines, and all other places of a strictly business nature.
 - b. In boarding houses, except as noted under G.2. below, offices of hotels, halls and offices of apartment buildings; quarters occupied by clubs or lodges; public, private or parochial schools or colleges, hospitals, libraries and other similar institutions.
 - c. At residence locations when the customer has no regular business access line service and the use of the service either by himself, members of his household, or his guests, or parties calling him can be considered as more of a business than of a residence nature. This may be indicated by advertising either by business cards, newspapers, handbooks, billboards, circulars, motion picture screens, or other advertising media, such as on vehicles, etc. When such business use is not such as commonly arises and passes over to residence telephone during the intervals when, in compliance with the law or established custom, business places are ordinarily closed.
 - d. In any location where the listing of service at that location indicates a business, trade or profession, except as specified under G.2. below.
2. Residence rates apply at the following locations:
 - a. In a private residence where business listings are not provided.
 - b. In private apartments of hotels, rooming house, or boarding houses where service is confined to the customer's use.
 - c. In college fraternity or sorority houses where individual access line service is provided.

RULES AND REGULATIONS

H. CONSTRUCTION AND INSTALLATION CHARGES

1. General
 - a. Lines will be extended in accordance with provisions specified in the Line Extension Section.
 - b. Special charges in the form of installation charges, monthly rates or both, are applied in addition to the usual service charge and monthly rates when, because of the sporadic or occasional nature of the service or an unusual investment or expense as for example:
 - 1) The facilities are provided in remote or undeveloped sections outside the Base Rate Area.
 - 2) Conditions that require unusual methods of plant construction, installation or maintenance.
 - 3) The customer's location requires the use of costly private right-of-way.
 - 4) The establishment of services which may be of a speculative or temporary nature.
 - c. Title to all construction, as specified in H.2. below, provided wholly or partly as a customer's expense is vested in the Company.
 - d. "Cost" is labor and materials included loaded overheads and may include a contribution to cover the cost of doing business not explicitly associated with direct cost.
2. Special Type of Construction
 - a. If a special type of construction is desired by a customer, (e.g., when underground service is desired in places where aerial construction would normally be used) or if unusual requirements of a customer make the cost of an installation higher than it would be if the usual type of construction were used, the customer is required to pay the difference in cost between the special type of construction and the average cost of the usual type of construction.

I. MINIMUM CONTRACT PERIODS

1. Minimum Contract Period
 - a. Except as specified elsewhere in this Tariff, the minimum contract period is one month from the date service or additions to service are established and the minimum charge is the authorized rate for one month. For purposes of rate administration each month is considered to have 30 days.
 - b. The Company may require a contract period longer than one month at the same location for unusual construction necessary to meet special demands, and involving extra costs (see Special Type Construction).

RULES AND REGULATIONS

J. DISCONNECTION OR REFUSAL OF SERVICE

1. By the Company Without Notice

a. The Telephone Company may disconnect or refuse service without notice:

1) in the event of a condition on the customer's premises determined by the Telephone Company to be hazardous.

2) in the event of customer's use in such a manner as to adversely affect the Telephone Company's facilities or the Telephone Company's service to others, such as:

a) connection of Customer Premise Equipment which causes or is likely to cause interference or hazard to the network.

b) Impersonation of another with fraudulent intent.

3) in the event of tampering with facilities furnished and owned by the Telephone Company.

4) in the event of unauthorized use.

2. By the Company After Prior Written Notice

a. In addition to the reasons set forth in subparagraph 1a. above, the Telephone Company may disconnect or refuse service after providing at least five days or in the case of deposits twelve days, prior written notice for any of the following reasons:

1) failure of a customer to make suitable deposit as required by these rules.

2) use of foul or profane language while using the Company's facilities.

3) the customer's bill for local, or miscellaneous services remains unpaid after the last date for timely payment.

4) for failure of the customer or prospective customer to furnish permits or certificates of right-of-way specified to be furnished in the Telephone Company's rules filed with the Iowa Utilities Board as conditions for obtaining service, or the termination of those permissions or rights, or for the failure of the customer or prospective customer to fulfill the contractual obligations imposed upon them as conditions of obtaining service by a contract subject to the regulatory authority of the Iowa Utilities Board.

5) for failure of the customer to permit the Telephone Company reasonable access to its facilities.

6) any other violation of the Telephone Company's rules and regulations on file with the Iowa Utilities Board, the requirements of municipal ordinances or law pertaining for the service.

RULES AND REGULATIONS

J. DISCONNECTION OR REFUSAL OF SERVICE (Continued)

2. By the Company After Prior Written Notice (Continued)

b. Despite the prior written notice provisions as contained in these rules, disconnection may take place prior to the expiration of the notice period if the Telephone Company determines, from verifiable data, that usage during the notice period is so abnormally high that a risk of irrevocable revenue loss is created.

c. Only one written notice will be provided to the customer if multiple violations occur.

d. The notice of pending disconnection required by these rules shall be a written notice setting forth all reasons for the notice, and the final date by which the account is to be settled or specific action taken. The notice shall be considered rendered to the customer when deposited in the U.S. mail with postage prepaid. If delivery is by other than U.S. mail, the notice shall be considered rendered when delivered to the last known address of the person responsible for payment for the service. The final date shall be not less than five days after the notice is rendered, or in the case of deposits twelve days. The notice will include a toll-free or collect number where a customer can obtain additional information.

e. Where written notice is required, the Company will not disconnect service on a weekend, holiday, or after 2:00 P.M. unless the Company is prepared to reconnect the service the same day.

3. Disputes

In the event of a dispute concerning a bill, the Telephone Company may require the customer to pay a sum of money equal to the amount of the undisputed portion of the bill. Following payment of the undisputed amount, efforts to resolve the complaint, using complaint procedures in the Telephone Company's Tariff, shall continue and for not less than forty-five days after the rendering of the disputed bill, the service shall not be disconnected for non-payment for the disputed amount. The forty-five days may be extended by up to sixty days if requested of the Telephone Company by the Iowa Utilities Board in the event the customer files a written complaint with the Iowa Utilities Board, Customer Service, 350 Maple Street, Des Moines, Iowa 50319-0069, toll free at 1-877-565-4450, or iubcustomer@iub.state.ia.us.

RULES AND REGULATIONS

J. DISCONNECTION OR REFUSAL OF SERVICE (Continued)

4. Emergency Medical Conditions

Disconnection of a residential customer shall be postponed 30 days if an existing medical emergency of the customer, a member of the customer's family, or any permanent resident of the premises where service is rendered would present an especial danger to the health of any permanent resident of the premises.

Indicators of an especial danger to health include, but are not limited to: age; infirmity; mental incapacitation; serious illness; physical disability, including blindness and limited mobility; and any other factual circumstance which may indicate a severe or hazardous health situation. The telephone utility may require written verification of the especial danger to health by a physician or a public health official, including the name of the person endangered, and a statement that the person is a resident of the premises in question. Initial verification may be by telephone, but the telephone utility may require a written verification within 5 days of the verification of the especial health danger by the physician or a public health official, including the name of the person endangered and a statement that the person is a resident of the premises in question. If the service has been disconnected within 14 days prior to verification of illness for a qualifying resident, service shall be restored to that residence if a proper verification is thereafter made in accordance with the foregoing provisions. If the customer does not make payment during the 30-day period, the service is then subject to disconnection.

5. At Customer's Request

a. Contracts for service may be terminated prior to the expiration of the contract period provided advance notice is given to the Company and upon agreement to pay all charges due for the service furnished, plus any termination charges which might be applicable.

b. Where a contract for service with a one-month minimum period is canceled before establishment of the service is completed, a charge not to exceed the service charge specified, is applied if all or a portion of the facilities have been installed.

c. No minimum or termination charge will apply (unless otherwise stated specifically in this Tariff) where a new customer takes over the service of the former customer, provided the service is to be furnished at the same location without interruption and that the new customer assumes all unpaid charges on the original contract. Minimum and termination charges will apply for any service furnished under the original contract which is not retained by the new customer.

d. No minimum or termination charge will apply in the event the service is terminated because of condemnation, destruction, or damage to property by fire or other cause, beyond the control of the customer.

RULES AND REGULATIONS

K. PAYMENT FOR SERVICE AND FACILITIES

1. General
 - a. Generally all customers shall pay for services and facilities monthly in advance. Municipal, State or Governmental Agencies may be exceptions to this rule.
 - b. Billing to customers shall be scheduled monthly.
 - c. All bills for local, or miscellaneous services are due not less than 20 days after the bill is rendered.
 - d. When a customer is connected or disconnected, or for other cause the service received deviates by more than twenty-four consecutive hours from the normal billing period, the bill shall be prorated. If the prorating indicates a refund is due, the refund shall be accomplished by bill credit.
 - e. Failure to receive a bill does not relieve the customer of the responsibility for payment.
2. Disconnection of Service by the Company
 - a. In the event of failure by the customer or those responsible to pay any bill on or before the due date, the Company may discontinue local, or miscellaneous services upon written notice, allowing the customer five days to make payment or settlement.
3. Service Charge for Reconnection
 - a. Where service has been discontinued for non-payment of a due bill applicable service charges as defined in Part VI of this tariff shall apply.
 - b. Where service has been discontinued for the non-payment of a due bill, the customer may be required to reestablish credit as defined in Establishment and Maintenance of Credit.
 - c. The maximum payment for restoration of service that existed prior to disconnection shall be the total past due amount, applicable nonrecurring charges and if appropriate, an Advance Payment and Deposit as specified elsewhere in this tariff.
4. Late Payment Charge
 - a. All bills for which full payment has not been received paid before the last date for timely payment shall be subject to a late payment charge.
 - b. Each account shall be granted not less than one complete forgiveness of late payment charges each calendar year for regulated services. The customer will be notified that this forgiveness has been used by first class mail, telephone or electronic means.
 - c. Late payment charges shall be * % of the unpaid balance.

* - Rates are available to customers at the Company's office, website or by mail.

1. General
 - a. When a municipality or political subdivision imposes upon the Company any license, occupation, franchise, permit, inspection or other similar tax, such tax, fee or charge may be billed to the telephone customers receiving service within the municipal or political subdivision, allocated uniformly on the basis of each such customer's monthly charges for the types of service made subject to such tax, fee or charge.

M. NETWORK CONNECTIONS

1. General
 - a. Customers are connected to the telephone network at a point of demarcation as specified in the Board rules.
 - b. Connections of new inside station wiring to the network shall only be made at the Demarcation Point.
 - c. Such connections shall be made by using a Standard Network Interface and shall be in accordance with Part 68 of the FCC Rules.
 - d. Direct electrical connections at the protector or by-passing the Standard Network Interface shall constitute a violation of this Company's filed tariffs and the service may be disconnected in accordance with its filed Rules and Regulations.
 - e. Customers shall not be allowed to construct inside station wiring from a demarcation point or between two or more buildings on the same premises to obtain service from an exchange other than that by which they would normally be served. Existing inside wiring obtaining local exchange service within another exchange boundary shall be disconnected by the customer within ten days after receipt of written notification from the Company.

RULES AND REGULATIONS

N. CUSTOMER COMPLAINTS

1. General

- a. A customer or prospective customer may initiate a complaint with the Company on any relevant matter by telephone, in person or in writing directed to the Company at any of its offices. The Company's response to the complaint will generally be in the same form used by the customer. However, the Company may respond to written complaints by telephone or personal visits when it believes such communications will be effective in resolution of the issues.
- b. The customer may at any point during resolution of the complaint seek review by a Supervisor or Manager.
- c. Upon investigation and final resolution by the Company, if the customer wishes further review, the customer should direct all appropriate information to the Iowa Utilities Board, Customer Service, 350 Maple Street Des Moines, Iowa 50319-0069, toll free at 1-877-565-4450, or iubcustomer@iub.state.ia.us.

O. RESALE OR SHARED SERVICE

1. General

- a. A reseller or shared service customer may obtain local exchange service from the Company to allow occupants of a building or complex of buildings to share in the use of local exchange services.
- b. The Company will provide service to the point of demarcation.
- c. The customer shall be responsible to extend the service from the point of demarcation.
- d. The end-user customer must be allowed to subscribe to service provided by the Company.
- e. Should the reseller refuse to allow the end-user customer to subscribe to local exchange service direct from the Company, the end-user customer may file a complaint against the reseller with the Iowa Utilities Board, Customer Service, 350 Maple Street, Des Moines, Iowa 50319-0069, toll free at 1-877-565-4450, or

LOCAL EXCHANGE SERVICE

RESALE AND SHARED SERVICES

A. GENERAL

1. The Company will provide central office access lines to any landlord, owner, tenant association, or other affiliated group for the purpose of reselling or sharing local exchange services to occupants of a building or complex of buildings with a community of interest.
2. All persons (end-users) or occupants in a building or complex of buildings shall be permitted to subscribe to local exchange service from the Company.
3. The telephone rates charged to resale or shared use providers of service shall be on the same basis as business service.
4. The rates contained herein are in addition to all other applicable rates and charges located in other parts of this Company's tariff.

B. CONDITIONS

1. Community of interest as used in Paragraph A.1. above normally indicates joint or common ownership but other factors may be considered.
2. The local resale or shared use supplier is required to subscribe to a sufficient number of access lines to assure the local network is not impaired and shall provide adequate facilities to its customers.
3. The Company is responsible for transmission quality up to the point of demarcation with the resale/shared use supplier. Transmission quality on the customer side of demarcation shall be the responsibility of the resale/shared use supplier.
4. The local resale/shared use supplier shall be responsible for providing local exchange telephone directories to its customers or users. The Company shall provide the resale/shared use supplier a directory in accordance with Part II of this tariff.

C. CONDITIONS

1. Route and type of facilities

- a. The Company shall determine the route and type of construction which will be used in the extension of its facilities within an exchange. All such line extensions shall be owned and maintained by the Company.
- b. The Company will be responsible for the route of the proposed line extension facilities upon which costs will be developed. Such routes will include the last pole or cable distribution box on public or private property but will exclude the drop wire (maximum of) for the building in which the telephone service is to be located.
- c. Any difference in costs between the type of construction proposed by the Company for use on a line extension and the type of construction requested by the customer will be charged at actual cost for the difference. (See Part II, Special Type of Construction.)
- d. When two (2) or more applicants mutually agree they may be considered as a "group." Line extension charges will be established in order to determine the amount of construction which needs to be provided. Line extension charges computed for the total extension, less allowable costs, may be proportionately divided among the applicant making up the "group."

2. Obligation of the Company

- a. The Company's obligation to provide service through line extensions is solely dependent upon its ability to secure, retain, and maintain suitable rights-of-way without unreasonable expense.
- b. The Company will survey all prospective customers who could receive service from each proposed line extension project prior to its construction.

3. Payment of charges applicable to line extensions shall be paid in advance.

ISSUED: October 22, 2012

EFFECTIVE: March 1, 2013

4. Applicants requesting service which can be provided from a previously established line extension project:
- a. Within 12 months from the time service was initially provided by means of such line extensions, initial charges will be recomputed by the Company and the applicant will pay a proportionate share of such charges as if they were one of the initial applicants and appropriate refunds will be made to the original customer(s).
 - b. After 12 months from the time service was initially provided, such applicant(s) will be responsible for the charges and conditions applicable to the establishment of line extension facilities required to serve them alone.
5. Except as provided elsewhere in this tariff, refunds of line extension charges will not be paid by the Company.

GENERAL EXCHANGE SERVICES

C. CONDITIONS (Continued)

6. Supersedure of service provided from a line extension and any adjustment in an amount paid by a customer discontinuing such service will be a matter of negotiation between the disconnecting customer, who has obligated himself for the line extension charge and the superseding applicant.
7. The Company will have the option to specify the type of construction to be used when line extensions are requested for service into real estate subdivisions or mobile home parks. Any difference in costs of types of plant facilities used by the Company or requested by the subdivider will be negotiated between the parties.
8. When the line extension proposed contains growth potential to provide for anticipated future service demands, the proposed customer(s) will only be obligated for that portion of such line extension costs as would be necessary to serve the new customer alone. It will be to that segregated amount that the Formula for average Outside Plant costs will be applied.
9. Line extensions of a temporary or speculative nature
- a. Line extension of the Company's facilities may be made to provide service of a temporary or speculative nature. An applicant whose service is considered speculative or temporary in nature will be charged the total actual costs of construction and estimated costs of removal, less salvage value, for the material used to establish the service.
 - 1) If after a 12-month period the temporary or speculative project is considered by the Company to be a permanent service, a refund may be made to the customer for the difference between costs paid and the charges which would have been computed for a regular line extension.

GENERAL EXCHANGE SERVICES

E. CONDITIONS

1. No toll calls will be placed from or charged to the customer's adjacent exchange central office access line except at such times as the primary exchange central office access line has been reported to be out of service.
 - a. Any violation of this condition will be cause for suspension or termination of the Adjacent Exchange Service.
 - b. When service from the primary exchange has been reported out of order, toll calls placed from the adjacent exchange central office access line will be rated from the adjacent exchange.

2. The rates, charges and billing for primary exchange service (plus toll charges on the primary central office access line) will be the responsibility of the primary company. The primary exchange company shall bill for the adjacent exchange service and make appropriate settlement to the secondary exchange company, unless the primary exchange and the adjacent exchange agree to a different billing arrangement.

3. All outside telephone plant and facilities will be owned, installed and maintained by the company(s) in whose exchange it is provided.

ISSUED: October 22, 2012

EFFECTIVE: March 1, 2013

BY: Jan Lovell	CEO	107 N 4 th Street	Clear Lake Iowa 50428
Name	Title	Address	

4. A customer subscribing to adjacent exchange service must also subscribe to service from the primary exchange. Any suspension or termination of the primary exchange service will require suspension or termination of the adjacent exchange service.

5. Disconnection of Service

a. When service provided under this tariff is disconnected, because the customer has no further need of such, or for non-payment of either primary or adjacent exchange service, no refunds of amounts paid previously by the customer for the extension of this service will be made by the Company.

6. Reuse of Facilities

a. When disconnected facilities are reused by a subsequent adjacent exchange service customer requiring the same grade of service, no additional Construction Charges will be applied to such reconnected facilities, providing no additional construction of telephone plant is required.

7. Failure of the customer to comply with the tariff provisions related to adjacent exchange service shall make the customer subject to discontinuance of service after appropriate notice.

8. Adjacent exchange service shall be restricted to only residential service, unless a waiver is permitted by the Utilities Board for a particular customer for good cause shown.

- b. Call Forwarding-Basic: Permits a customer to transfer all incoming calls to another dialable telephone number. The customer pre-selects a second telephone number to which all incoming calls are automatically transferred. Calls may be transferred to a long distance message telecommunications point subject to the availability of the necessary facilities in the central office from which the calls are to be transferred.
- c. Call Forwarding-Busy Line: Allows a customer to have incoming calls forwarded to another predetermined number if the called number is busy.
- d. Call Forwarding-Busy Line (Programmable): Allows a customer to have incoming calls forwarded to another number when the called number is busy. The customer can activate and deactivate the forwarding feature by dialing a code as well as establish or change the number which calls will be forwarded.

e. Call Forwarding-Don't Answer: Allows a customer to have an incoming call forwarded to another number if the customer does not answer after a preset number of rings.

f. Call Forwarding-Don't Answer (Programmable): Allows a customer to have an incoming call forwarded to another number if the customer does not answer after a preset number of rings. The customer can activate and deactivate the forwarding feature by dialing a code as well as establish or change the number to which calls will be forwarded.

g. Call Forwarding-Remote Activation: Allows a customer to activate or deactivate all types of Call Forwarding services, or to change the forward-to destination from a remote location.

h. Call Hold: Allows incoming calls to be placed on hold and retrieved from the same or another extension.

i. Call Rejection: Enables a customer to reject call attempts from up to numbers of calling parties by dialing a code and the telephone numbers of calls to be rejected. Any call attempts to the customer from these numbers will be prevented from terminating to the customer and will instead be connected to an announcement informing the caller that the call is not presently being accepted by the called party. A customer may also reject future calls from the most recent call received by dialing a code after completing the call.

m. Call Waiting-Enhanced: Allows Call Waiting to be utilized with Three Way Calling.

n. Call Identification Blocking-Per Call: Enables a customer to control the disclosure of their telephone number or name and telephone number to a subscriber of Caller Identification (where technically feasible) by temporarily changing the public/private status indicator of the telephone number. A customer must dial a code before each call to change the indicator from public to private. "Public status" allows delivery of the telephone number or name and telephone number. "Private status" prevents delivery of the telephone number or name and telephone number. Per Call Blocking is provided at no charge.

o. Call Identification Blocking-Per Line: Provides a permanent private indicator on a customer's line. Once blocking is established on the customer's line, the private status cannot be deactivated by the customer. Rates and charges are provided herein. Federal, State and Local Law Enforcement Agencies, nonprofit domestic violence/sexual assault agencies and their staffs, and victims of domestic/sexual assault or individuals who express a personal safety need and sign a personal safety exemption form may be provided additional arrangements for private status and/or line blocking, on a line-by-line basis, at no charge. The certification form identifies the customer who is to receive Per Line Blocking at no charge and acknowledges that if a line is equipped with Per Line Blocking, that the telephone number and name will not be delivered to subscribers of Caller ID, including poison control centers, hospitals, medical centers and others who might use Caller ID to provide assistance. 911 is not affected. And, some subscribers of Caller ID Service may choose not to answer blocked calls.

The Company does not assure name accuracy, and it shall not be liable to any party for errors, omissions or mistakes. The Company's sole and only obligation shall be to reasonably correct errors in names when notified in writing of such errors.

q. Caller Identification-Number: Allows for the automatic delivery of a calling party's telephone number (including nonpublished and nonlisted telephone numbers) to the called customer, which gives the called customer an opportunity to decide whether to answer the call immediately or not. The number is displayed on customer provided equipment.

r. Continuous Redial: Automatically redials the last number a customer dials. If the called party's number is busy, a special tone will alert the customer when the called number becomes idle.

s. Dial Call Waiting: Allows a customer with a line equipped with the feature to direct a Call Waiting tone or a Distinctive Alert signal to a line equipped with Distinctive Alert. The feature is activated by dialing a present access code and the telephone number of the line to which the signal is directed.

t. Direct Call Pick Up: Allows a customer to answer a call, during the ringing cycle, that is directed to another line by dialing a present access code and the telephone number of the line to be answered. Both the originating line and the line to be answered must be equipped with the feature.

w. Distinctive Ringing: A central office based service which provides up to three distinctive ringing codes on incoming calls, using one individual access line. The distinctive ringing codes are achieved by assigning up to three additional telephone numbers to the access line. Two types of Distinctive Ringing are available:

Type A: The above service without a directory listing.

Type B: The above service with a directory listing.

x. Group Intercom: Allows individuals within a designated intercom group to contact each other by using an access code and abbreviated dialing, which permits, one-, two-, three- or four-digit dialing.

y. Hot Line Service: Allows a customer to establish a switched connection to a predetermined number when the customer's telephone goes off-hook. No dialing is required and the call is processed automatically to the predetermined telephone number.

z. Last Call Identification: Enables a customer to receive a voice message identifying date, time and number of the last incoming call.

aa. Last Call Return: Enables a customer to perform an activation procedure and automatically redial the last incoming number without having to know the number of the calling party.

ab. Priority Call: Allows a customer to assign a maximum of callers' telephone numbers to a special list. The customer will hear a distinctive ring at their location, when calls are received from callers' telephone numbers on that list.

ENHANCED UNIVERSAL EMERGENCY NUMBER SERVICE (E911)

A. GENERAL

ISSUED: October 22, 2012

EFFECTIVE: March 1, 2013

BY: Jan Lovell	CEO	107 N 4 th Street	Clear Lake Iowa 50428
Name	Title	Address	

1. Enhanced Universal Emergency Number Service, also referred to as Enhanced 911 Service or E911, is a telephone exchange communication service whereby one or more Public Safety Answering Points (PSAP) designated by the customer may receive telephone calls dialed to the telephone number 911. E911 Service includes a line and equipment necessary for the answering, transferring and dispatching of public emergency telephone 911 calls originated by persons within the serving area. E911 Service provides for Selective Routing, Automatic Number Identification, and Automatic Location Identification features.

2. Enhanced 911 Service is offered subject to availability of facilities.

3. The E911 customer may be a municipality or other state or local governmental unit, or an authorized agent of one or more municipalities or other state or local governmental units to whom authority has been lawfully delegated. The customer must be legally authorized to subscribe to the service and have public safety responsibility by law to respond to telephone calls from the public for emergency police, fire or other emergency services within the telephone central office areas arranged for 911 calling.

4. The rates and charges contained herein are in addition to all other applicable rates and charges located in other parts of this tariff.

B. RATES

The rates and charges for E911 Service will be determined on an individual case basis. Individual features requested by the customer include, but are not limited to, central office modifications, data base preparation, trunking and maintenance.

C. CONDITIONS

1. E911 service is provided solely for the benefit of the customer operating the PSAP. The provision of E911 Service by the Telephone Company shall not be interpreted, construed, or regarded, either expressly or implied, as being for the benefit of or creating and Telephone Company obligation toward any third person or legal entity other than the customer.

2. The Telephone Company does not undertake to answer and forward E911 calls, but furnishes the use of its facilities to enable the customer's personnel to respond to such calls on the customers' premises.

3. Temporary or vacation suspension of service is not provided for any part of the E911 Service.

4. The E911 calling party forfeits the privacy afforded by non-listed and non-published service to the extent that the telephone number, address, and name associated with the originating station location are furnished to the PSAP. The names, addresses, and telephone numbers of telephone customers whose listings are not published in directories or listed in Directory Assistance Offices is confidential. Information will be provided on a call-by-call basis only for the purpose of responding to emergency calls.

5. The Telephone Company's entire liability to any person for interruption or failures of E911 Service shall be limited to the terms set forth in this section and other sections of this tariff.

6. The rates charged for E911 Service do not contemplate the inspection or constant monitoring of facilities to discover errors, defects, and malfunctions in the service, nor does the Company undertake such responsibility. The customer shall make such operational tests as, in the judgment of the customer, are required to determine whether the system is functioning properly for its use. The customer shall promptly notify the Telephone Company in the event the system is not functioning properly.

C. CONDITIONS (Continued)

7. The Telephone Company's liability for any loss or damage arising from errors, interruptions, defects, failures, or malfunctions of this service or any part thereof whether caused by the negligence of the Telephone Company or otherwise shall not exceed an amount equivalent to the pro rata charges for the service affected during the period of time that the service was fully or partially inoperative.

8. Each customer also agrees to release, indemnify and hold harmless the Telephone Company from any and all loss, claims, demands, suits, or other action, or any liability whatsoever, whether suffered, made instituted or asserted by the customer or by any other party or person, for any personal injury to or death of any person or persons, or for any loss, damage, or destruction of any property, whether owned by the customer or others.

9. The customer also agrees to release, indemnify, and hold harmless the Telephone Company for any infringement or invasion of the right of privacy of any person or persons, caused or claimed to have been caused, directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, occasion or use of E911 service features and the equipment associated therewith, or by any services furnished by the Telephone Company in connection therewith, including, but not limited to, the identification of the telephone number, address, or name associated with the telephone used by the party or parties accessing E911 service hereunder, and which arise out of the negligence or other wrongful act of the Telephone Company, the customer, its user, agencies, or municipalities, or the employees or agents of any one of them.

10. Because the Telephone Company serving boundaries and political subdivision boundaries may not coincide, it is the obligation of the customer to make arrangements to handle all E911 calls that originate from telephones served by Central Offices in the local service area whether or not the calling telephone is situated on property within the geographical boundaries of the customer's public safety jurisdiction.

ENHANCED UNIVERSAL EMERGENCY NUMBER SERVICE (E911) (Continued)

C. CONDITIONS (Continued)

11. Application for E911 Service must be executed in writing by each customer. If application for service is made by an agent, the Telephone Company must be provided in writing with satisfactory proof of appointment of the agent by the customer. At least one local law enforcement agency must be included among the participating agencies in any E911 offering.

12. The customer is required to furnish the Telephone Company its agreement to the following terms and conditions.

- a. That all E911 calls will be answered on a 24-hour day, seven-day week basis.
- b. That the customer has responsibility for dispatching the appropriate emergency service vehicles within the E911 service area, or will undertake to transfer all E911 calls received to the governmental agency with responsibility for dispatching such services, to the extent that such services are reasonably available.
- c. That the customer will develop an appropriate method for responding to calls for non-participating agencies which may be directed to the E911 PSAP by calling parties.
- d. That the customer will provide CPE with a capacity adequate to handle the number of incoming E911 lines recommended to be installed by the Telephone Company. It is the customer's responsibility to ensure their CPE is compatible with the service(s) provided by the Telephone Company.

13. When the Selective Routing feature is provided, the customer is responsible for identifying primary and secondary PSAP locations as well as the unique combinations of police, fire, and ambulance or any other appropriate agencies responsible for providing emergency service in the E911 serving area. An Emergency Service Number (ESN) will be provided for each unique combination by the Telephone Company. The customer will associate these ESN's with street address ranges or other mutually agreed upon routing criteria in the E911 serving area. These ESN's will be carried in the Data Management System (DMS) to permit routing of E911 calls to the primary and secondary PSAP's responsible for handling of calls from each telephone in the E911 serving area. - b. After establishment of service, it is the customer's responsibility to continue to verify the accuracy of the routing information contained in the master address file and to advise the Telephone Company of any changes in street names, establishment of new streets, changes in address numbers used on existing streets, closing and abandonment of streets, changes in police, fire, ambulance, or other appropriate agencies' jurisdiction over any address, annexations, and other changes in municipal and county boundaries, incorporation of new cities or any other matter that will affect the routing of E911 calls to the proper PSAP.
- c. The Telephone Company will provide to the customer on request a complete written copy of the master address file to permit the customer to verify accuracy of the police, fire, and ambulance PSAP routing designations.
- d. Changes, deletions, and additions which the customer desires to have made in the master address file should be submitted on an "as occurred" basis.
- e. The Telephone Company will furnish a written copy to the customer for verification showing each change, deletion, and addition to the master address file.

N11 – SERVICE OFFERINGS (Continued)

B. TERMS AND CONDITIONS

1. N11 Service is available in Company territory only. To provide N11 access to end users in another company's territory, or to a Competitive Local Exchange Carrier's (CLEC) end user, the N11 subscriber must make appropriate arrangements with the Company or CLEC serving that territory.

2. This service is provided subject to the availability of the N11 code.

3. N11 can be delivered via regular exchange access lines (by individual business line, PBX trunks, etc.).

4. Access to N11 is not available to the following classes of service:

- 1+,
- 0+, 0-(credit card, third-party, collect calls),
- 101XXXX.

In addition, operator assisted calls to the N11 subscriber will not be completed.

5. The N11 subscriber is restricted from selling or transferring the N11 code to an unaffiliated entity, either directly or indirectly.

6. N11 will not provide calling number information in real time to the N11 subscriber. If the N11 subscriber needs this type of information, the N11 subscriber must subscribe to a compatible Caller Identification Service.

7. Calls to the N11 code that translate to a disconnected number will be routed to intercept of the announcement facilities for a maximum of 60 days, when the N11 provider is a Company subscriber. The announcement provided may refer the caller to another telephone number. Callers placing calls to N11 from areas where N11 Service is not provided will be advised that the service is not available from their number.

8. Disputes regarding geographic coverage by two or more N11 subscribers will be referred to the Iowa Utilities Board.

N11 – SERVICE OFFERINGS (Continued)

B. TERMS AND CONDITIONS (Continued)

9. The Company will provision the subscriber's order within a reasonable time, given the complexity of the order. The N11 subscriber will be billed the nonrecurring charge (if applicable) when the Company provisions the service. If during this period, the N11 subscriber has failed to establish service or decides to discontinue service establishment, the N11 code will be recalled and the code will be considered available for reassignment. If the network has been provisioned for the subscriber, the nonrecurring charges if applicable will not be refunded or waived.

10. Only a single seven or ten-digit local number or a single ten-digit toll free number may be used as the point-to number.

11. N11 Service is provided where facilities permit.

12. The N11 subscriber should work separately with cellular or wireless companies to ascertain whether cellular or wireless customers will be able to reach community information and referral services, non-emergency local government services, travel information services, telephone transmission access to all Telecommunications Relay Service (TRS) entities as a toll free call, or access to One Call systems provided by dialing N11.

13. N11 will be provided under the following conditions:

- a. The subscriber will subscribe to adequate telephone facilities, both initially and subsequently as required in the judgment of the Company, to handle calls to N11 without impairing the Company's general telephone service or telephone plant.
- b. The N11 subscriber is responsible for obtaining all necessary permissions, licenses, written consents, waivers and releases, and all other rights from all persons whose work, statements or performances are used in connection with the service, and from all holders of copy rights, trademarks, and patents used in connection with the service.

B. TERMS AND CONDITIONS (Continued)

13. N11 will be provided under the following conditions: (Continued)

c. The N11 subscriber shall be liable for, and shall indemnify, protect, defend and save harmless the Company against all suits, actions, claims, demands and judgments, and of all costs, expenses and counsel fees incurred on account thereof, arising out of and resulting directly or indirectly from the service or in connection therewith, including but not limited to, any loss, damage, expense or liability resulting from any infringement or claim of infringement, or any patent, trademark, copy right, or resulting from any claim of liable and slander.

d. Suspension of N11 Services is not allowed.

e. The N11 subscriber will respond promptly to any and all complaints lodged with any regulatory authority against any service provided via N11. At the Company's request, the N11 subscriber will assist in responding to complaints made to the Company concerning the subscriber's N11 service.

f. The Company will provide both oral and written notification when a N11 subscriber's service unreasonably interferes with or impairs other services rendered to the public by the company or by other subscribers of N11. The Company reserves the right once notification is made to institute protective measure up to and including termination at any time and without further notice. The Company may take protective measure when the N11 subscriber makes no modification or is unwilling to accept modification in method of operation, or continues to cause service impairments.

N11 – SERVICE OFFERINGS (Continued)

B. TERMS AND CONDITIONS (Continued)

14. The following conditions apply if the N11 subscriber provides a pre-recorded announcement:

- a. The N11 subscriber will provide announcements. The Company will provide only delivery of the call.
- b. The Company's provision of access to the N11 network for transmission of announcements or recorded program services is subject to the availability of such facilities and the requirements of the local exchange network.
- c. The N11 subscriber assumes all financial responsibility for all costs involved in providing announcement or recorded program services including but not limited to, the recorder-announcement equipment producing the recording, advertising and promotional expenses.
- d. The N11 subscriber assumes all financial responsibility, according to other specific rates and charges under catalog, for all facilities required to connect the recorder-announcement equipment located on the subscriber's premises.

15. The Company may take all legal and practical steps to disassociate it from N11 subscribers whose business and/or public conduct (whether demonstrated or proposed) generate unacceptable levels of complaints by end users.

16. The Company is not liable for any losses or damages of any kind resulting from the unavailability of its equipment, facilities or for any act, omission, or failure of performance by the Company, its employees or agents, in connection with this tariff. The Company will not be responsible for calls that cannot be completed as a result of repair or maintenance difficulties on Company facilities and equipment or on equipment owned or leased by the subscriber.

17. Calls placed to the N11 code will be routed to the point-to number based upon the central office switch and/or the Number Plan Area (NPA) of the calling party. Routing based upon NPA and NXX, ten-digit telephone number or ZIP Codes can be provided where technically feasible.

LOW INCOME CONNECTION ASSISTANCE PROGRAM

A. LINK UP

1. The Low-Income Telephone Connection Assistance Program (Link Up) is a plan which assists qualified low-income applicants with reduced service connection charges. The assistance applies for a single telephone line at the applicant's principal place of residence. A reduction of fifty percent of all service connection charges, or \$30.00, whichever is less, will be provided to qualified applicants.
2. The consumer shall receive the benefit of the Link-up program for a second or subsequent time only for a principal place of residence with an address different from the residence address at which Link-up assistance was provided previously.
3. Eligibility Requirements
To be eligible for assistance, an applicant must participate in one of the following:
 - a. Medicaid (e.g. Title XIX/Medical, state supplemental assistance)
 - b. Food Stamps
 - c. Supplemental Security Income (SSI)
 - d. Federal public housing assistance
 - e. Low-Income Home Energy Assistance Program(LHEAP)
 - f. Persons with income at or below 135% of the Federal Poverty Guidelines
 - g. Temporary Assistance for Needy Family (TANF)
 - h. National School Lunch Program's Free Lunch Program
4. Application for Assistance
An applicant shall request telephone connection assistance through completion of a form provided by the Company.
5. Charges and Deferred Payments
 - a. All tariffed service connection charges for installing basic residential telephone service, except security deposits, shall be reduced by 50% or \$30.00, whichever is less.
 - b. An applicant may defer payment of the service connection charges or security deposit. Payments may be deferred up to 12 months with a payment schedule of equal payments of up to \$200.00 assessed for commencing service. Interest will not be charged on deferred payments.

B. LIFELINE ASSISTANCE

1. The Lifeline Assistance Program is a plan which assists qualified low-income applicants with reductions in their monthly local exchange service rate. The assistance applies for a single telephone line at the applicant's principal place of residence. Qualified applicants shall have their monthly local exchange service rate reduced by the federal support of \$1.75, in addition to the baseline federal support used either to waive the Lifeline customer's federal end-user common line charges, or to reduce the Lifeline customer's residential rate.

2. Eligibility Requirements

To be eligible for assistance, an applicant must participate in one of the following:

- a. Medicaid (e.g. Title XIX/Medical, state supplemental assistance)
- b. Food Stamps
- c. Supplemental Security Income (SSI)
- d. Federal public housing assistance
- e. Low-Income Home Energy Assistance Program (LHEAP)
- f. Persons with income at or below 135% of the Federal Poverty Guidelines
- g. Temporary Assistance for Needy Family (TANF)
- h. National School Lunch Program's Free Lunch Program

The Lifeline customer is responsible for notifying the Company if the customer ceases

to participate in any of the public assistance programs listed above.

3. Application for Assistance

An applicant shall request telephone assistance through completion of a form provided by the Company.

4. Rates

a. The Lifeline customer will receive a monthly credit toward their local exchange service rate. The total monthly credit consists of the \$1.75 federal support and the baseline federal support to waive the Lifeline customer's federal end-user common line charges or to reduce the Lifeline customer's residential rate.

b. Toll blocking shall be included with this service offering without charge. No service deposit would be required if applicant voluntarily elects toll blocking with the initiation of Lifeline Service.
